HELLO.

Our visual identity helps emphasise who we are.

This is a guide to the elements that make up The Harpur Trust visual identity.

Our identity has been developed to reflect our Vision, Mission and Values.

Our full list of values are as follows:

- We are innovative and forward looking, striving to be dynamic and an inspiration to others
- We are caring, fair and respectful
- We are open and outward looking
- We act with integrity and believe in quality and effectiveness
- We are inclusive
- We are socially responsible

These guidelines have been produced to help those who create our brand communications to convey our identity in a clear and consistent manner.

Our logo is a valuable asset.
Please use it with care.

Consistency breeds trust

The logo was inspired by Sir William Harpur, who was a tailor, and by elements from the old Bedford Charity shield.

The strands represent all elements of The Harpur Trust's work, programmes, activities and initiatives and how they unite together to build a stronger whole. It embodies the attributes, history and reputation of the Trust and is the focal point for all that we offer within Bedford. Consistent use of the 'H' motif is very important in delivering a successful identity for The Harpur Trust.

Logo colour on grey

Logo mono

Logo reversed

Logo colour on white

The logo can be applied in 3 main ways:

1. The full colour logo which should be used on white or grey backgrounds (refer to the colours section for information on using the grey background).
2. The mono version which should be used on single colour documents.
3. The reversed logo which should be used on colour backgrounds.

Logo use

Width of stem in 'H'

Logo clear area

Logo minimum size - web

Logo minimum size - print

Keep it clear.

The Harpur Trust logo needs breathing space.

The exclusion zone is calculated by the width of the stem in the 'H' motif. Please use this to ensure no type or page elements get too close to the logo.

Size does matter.

For optimum reproduction of The Harpur Trust logo, please adhere to these minimum logo sizes for print and screen formats.

The logo - rules

To retain the integrity of The Harpur Trust identity, it is important not to change any element of the logo or adjust it in any way.

Here are some examples of how not to use the logo.

1. **DON'T** tint the logo
2. **DON'T** rearrange the logo elements
3. **DON'T** alter the proportions of the logo
4. **DON'T** rotate the logo
5. **DON'T** change the colours
6. **DON'T** change the font
7. **DON'T** use the logo on complex backgrounds

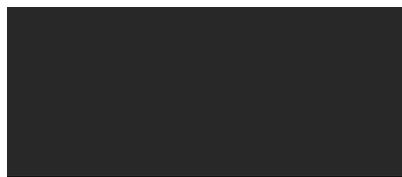

Colours

Our colours.

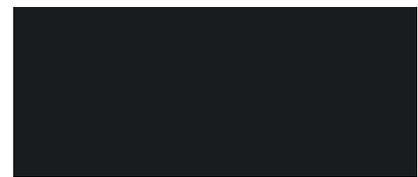

The primary colours for the identity have been selected to reflect the personality of The Harpur Trust; inspiring, supporting, forward looking, caring and innovative.

The greys should be used to colour large background areas on report covers, folders etc. Please ensure you use the correct colour values depending on if you plan to print on coated or uncoated stock.

Dark grey on coated.

CMYK: 0/0/0/95
 Pantone coated: 425c
 Websafe: #333132
 RGB: 51/49/50

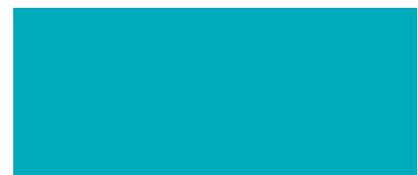

Dark grey on uncoated.

CMYK: 76/67/63/76
 Pantone uncoated: 426u

Turquoise.

CMYK: 100/9/38/34
 Pantone coated: 322c
 Pantone uncoated: 321u
 Websafe: #00747b
 RGB: 0/116/123

Aqua.

CMYK: 99/0/30/0
 Pantone coated: 7467c
 Pantone uncoated: 7467u
 Websafe: #00abbd
 RGB: 0/171/189

95%

75%

45%

Greys in body text.

Please use tints of black in any printed type to avoid any registration issues through using CMYK. Preferred tints are shown here.

Typography

Our typeface - print.

Avenir is our main corporate typeface. This should be used on printed material, not in-house documents

This has been chosen for its clean, modern feel. A number of font weights are available making it a versatile font for display and body copy.

Contact details on stationery should be set all in caps. You can use all caps for headings and introductory paragraphs. Body copy should be set in sentence case.

Our typefaces - online.

Varela and Arial are the typefaces to be used for online communications including websites, emails and digital communications using HTML.

Varela should be used for headings and pull-out text only.

This font is available from: www.google.com/webfonts

Arial should be used as the primary typeface for body copy on emails and websites, using a minimum size of 10 points or pixels and a colour of 80% grey (RGB 88/89/91) .

Letterheads

How to use the letterhead template.

Digital and printed letterheads are available. A template for composing your letters has been created in Word. Letters should be composed as illustrated on the right, using a 45mm margin on the left and 81mm from the top of the page. Text should extend no further than 151mm from the 45mm margin or 36mm from the bottom of the page.

Text layout for internal documents

Internal documents should use Arial as the primary typeface.

Please use these sizes and weights as a general guide:

Header 1

Arial Bold 20pt
Aqua colour

Header 2

Arial Bold 16pt
Grey tint (75%)

Subheaders

Arial Bold
Same size as body copy
95% black
